## BOSTON BANKER BUYS THE CLIFFORD

### W. J. LORING TAKES OPTION ON HIGH GRADE SILVER MINE

#### COAL MINERS ASSERT STRIKE WILL BE CALLED

#### KIDNAPED CONSUL IS LIBERATED

(By Associated Press)  
WASHINGTON, Oct. 27.—William Jenkins, American consular agent at Puebla, kidnapped October 19 by Mexican bandits, was released after payment of the ransom, the state department was advised today by the American embassy at Mexico City. The bandits demanded \$150,000. Jenkins, who was sent by the American embassy to Puebla, reported yesterday that he received a message from Jenkins sent from within the federal lines, that the ransom had been paid and that he was on his way to Puebla. Dispatches to the state department did not make it clear whether the Mexican government or friends of Jenkins took the ransom and inquiry at this point has been sent to Mexico City.

#### AMENDMENT TO TREATY IS LOST

(By Associated Press)  
WASHINGTON, Oct. 27.—The Johnson amendment to the peace treaty, proposing in effect that the voting power of the United States in the league of nations be increased to equal that of Great Britain and her dominions, was rejected today by the senate. The vote was 35 in favor to 49 against the amendment. Among the democrats, Gore and Shields voted for adoption. Republicans voting against adoption were: Col. Edge, Hale, Kellogg, McCumber, McNary, Nelson and Sterling.

#### MOTOR MERGER IN GERMANY PROPOSED

(Correspondence of Associated Press)  
COLOGNE, Oct. 27.—There has been considerable agitation recently for the merging of automobile factories in Germany to prepare to meet the competition from across the Atlantic which the Germans realize is sure to come. Three automobile companies have pooled interests and plan to cooperate in the future in the manufacture as well as in the selling of automobiles and automobile tires.

#### SEA BATTLE AT KRONSTADT

(By Associated Press)  
VIBORG, Finland, Oct. 27.—Reports were received here today that a naval battle occurred off Kronstadt yesterday.

Minimum yesterday:	35 32

#### NEVADA MINERS ICE BOUND IN BEHRING SEA

Last spring a party of Nevada treasure hunters left the sagebrush for the dreary ice bound regions of the Arctic circle with the intention of making a big strike on the Siberian coast where they expected to find rich gold placers which were supposed to be the famous Klondike field. Most of the men were experienced through former experience in the Klondike and Nome rushes. They outfitted the schooner "Kaiser" for a three month voyage since their departure nothing has been heard of them directly and the only information of their movements is contained in the following interesting letter written to H. A. Darns, president of the Darns Coal Mining company, a former Klondiker, by John Swanson, a miner well known in Tonopah. The letter follows: "I received your letter a few days ago when I got back from Siberia. I got home July 4, and got back here September 10, after being in the ice seventy days. The ninth of July the Casco came around Cape Search. I could see that she was in trouble so I called the captain. He came up on deck so he and the man that had the vessel chartered said it was dangerous to go out. I said 'Let us try.' I knew that there were five men aboard from Tom Field's silver mine, Copper Canyon. (Continued on Page Three)

#### TONOPAH GIRLS MAKING GOOD FOOTBALL GAME NEXT FRIDAY

The pupils of the Tonopah high school have been made happy by the news from Bishop that the high school football team from that town will be in Tonopah Friday of this week ready for a game with the Tonopah boys on Saturday. The Tonopah boys, with their new coach, Victor W. Jones, have been working hard to get in shape for football and were becoming disheartened over lack of prospects for games. Goldfield found too few boys in high school to think of entering this particular sport this year. Bishop appeared to be unable to arrange for games at a time that made it possible for Tonopah to play. They have finally wired that they would give Tonopah a return game at Bishop on November 15. As a result of the message the Tonopah boys are busily putting the gridiron in shape for the game and Mr. Jones is getting his team into the best possible condition for the game, which all realize will be a hard one on account of the disparity in size and weight of the contending teams. The high school student body will probably change the date of their Halloween party to Saturday evening in order to have the Bishop boys present. The Tonopah squad consists of the following: Louis Daoust, Cordova Ross, Francis Harrington, Proctor Hux, Odeen Monahan, Leland Henderson, Lloyd Swasey, Paul Fitzgerald, George McCloskey, William Meade, Tom Connors, Frank McCloskey, Edward Smyth, Emil Stubbs, George Fox, James McVeigh, Harry Anderson and Grayson Smith. Proctor Hux is captain of the team and is considered one of the fastest men in this part of the state.

#### MERCURY DROPS TO 19 EARLY THIS MORNING

Last night brought the coldest October weather known at the Tonopah station of the weather bureau since the office was opened thirteen years ago. The mercury dropped to 22 by midnight and continued to fall until 7 o'clock this morning when the record of 19 degrees was registered. The only colder spell during October was 18.5 on October 20, 1906. On Sunday the temperature was 15 degrees below normal and Saturday the reading was 21 degrees below normal computed on a twelve-year record.

#### WILSON INSISTS ON TALKING BUSINESS

(By Associated Press)  
WASHINGTON, Oct. 27.—The president's physicians said if his condition continues as during the past few days, it will be satisfactory. The president was expected to transact some official business today. He had a long talk with Dr. Grayson concerning executive matters and insisted that he be permitted to see Secretary Tumulty.

#### ROOSEVELT DAY

The local schools, from kindergarten through the high school, have followed the instructions given by the state superintendent and the governor for the observance of Roosevelt day today.

#### CHILEAN NAVY ON WAR BASIS

(By Associated Press)  
SANTIAGO, Chile, Oct. 27.—The Chilean cruiser Esmeralda sailed northward yesterday and another unit of the Chilean fleet is being prepared for a visit to Los Angeles on the part of Chile follows persistent rumors of a probable revolution in Peru. It is understood that Chile intends by a navy display to show she is prepared to protect Chilean interests along the border.

#### LONGSHOREMEN START A RIOT

(By Associated Press)  
NEW YORK, Oct. 27.—Scores of persons were injured in a riot between 2,000 striking longshoremen and several hundred men on their way to work at the Brooklyn docks today. More than fifty pistol shots were fired, while sticks, stones, bricks and clubs were used. The police made ten arrests.

#### INTERNATIONAL TRADES UNIONS

(By Associated Press)  
WASHINGTON, Oct. 27.—While the international federation of trades unions began its session today, preliminary to the meeting of the international labor conference provided for in the treaty with Germany, no important action is expected until tomorrow on account of the delayed arrival of several high officials of the federation.

#### RED FLAG BARRED IN THIS COUNTY

(By Associated Press)  
WASHINGTON, Oct. 27.—Persons exhibiting the red flag or advocating overthrow of the government, will be subjected to federal prosecution under a bill favorably reported by the senate judiciary committee.

#### CHRISTIAN STUDENTS EXCLUDE THE JOBS

(Correspondence of Associated Press)  
VIENNA, Oct. 2.—Despatches from Budapest says the Budapest university has been closed at the demand of Christian students in order to prevent Jewish students from taking examinations for degrees. The grammar schools of that city were closed to Jewish students today.

#### FORECAST FOR THE WEEK

WASHINGTON, Oct. 27.—Southern Rocky Mountain and Plateau Regions: Generally fair weather with low temperature.

#### HOT CREEK SCHOOL OPENS

The school at Hot Creek has opened with Miss Peck in charge. Miss Peck is a graduate of the Winnemucca high school, with post-graduate work in the Merced high school. The young lady is well and favorably known in Tonopah, where she was employed for some time in the office of the Western Union.

## PROHIBITION VETOED BY PRESIDENT WILSON

#### OHIO STRIKE IS NOT SO ACUTE

(By Associated Press)  
CANTON, O., Oct. 27.—Need for the state troops, now mobilized at Akron, to take charge of the steel strike situation here is said to be decreasing. No disturbances occurred this morning and workmen in considerable numbers were seen entering the plants of the United States Steel corporation, and the Stark Rolling Mill company today.

#### BRITISH SHOPS HELPED BY THE GOVERNMENT

(By Associated Press)  
LONDON, Oct. 2.—Nearly every industry in Great Britain not favored by the protection of import restrictions, is trying to have itself "keyed." A "key" industry is one essential to British industry and considered so affected by the war that it must be nursed back to health through the medium of government assistance. The government did not remove import restrictions September 1 on products manufactured by so-called "key" industries. The majority of manufacturers forced into competition by removal of the restrictions believed their industry should have been in the favored list. Among these are the automobile men who have protested vigorously against American machines coming into England with a duty of 35.5 per cent. British manufacturers admit they cannot produce cars in any thing like the amount needed within many months so the board of trade so far has turned a deaf ear to their protestations. In the meantime American cars are increasing in number on London's streets and one American firm advertises "delivery within forty-eight hours after order taken."

#### NEWTON THEORY IS ATTACKED

(By Associated Press)  
ROME, Oct. 27.—Newton's theory of gravitation was attacked by Professor Malorana today before a meeting of prominent scientists. Malorana said his experiments upset the hitherto accepted laws governing the motions of celestial bodies. Newton's theory is the only approximate hypothesis, according to Malorana, who supports his assertion by showing that a ball of lead floating in mercury becomes slightly lighter.

#### HUGE AIRSHIP BOUGHT BY U. S.

(By Associated Press)  
WASHINGTON, Oct. 27.—Early closing of a contract for the purchase by the navy of the British rigid airship R-38, the largest in the world, now under construction in England, is expected, the navy department said today. Congress appropriated \$2,500,000 to purchase this airship and provide for the training of pilots.

#### MINE INVESTORS GET GLAD HAND

The distinguished party of eastern capitalists now stopping at the Mizpah hotel, were entertained at dinner Saturday night by Harry C. Stimler, who took occasion to have a number of local people meet and become acquainted with the visitors. The evening was passed in social intercourse during which the eastern men expressed themselves favorably on the prospects of southern Nevada, attracting a great deal of capital for investment in mines. At the table were seated Robert R. Sherwood, New York; J. B. Hardon, Boston; J. C. Weir, New York; W. P. Hurlinger, A. Benedetti, Lovelock; Milton M. Ditch, W. J. Laing, Robert L. Hogue, C. S. Putman, D. J. Fitzgerald, William Forman, E. P. Esser, W. W. Booth and Harry C. Stimler, the host. In the course of the evening Harry Stimler took occasion to express himself as follows: "It certainly affords me great pleasure to have such a representative body of mining and business men that you are as my guests. We welcome you to our midst. We want you and we need you. I thank you."

#### ARMY TRANSPORT

(Correspondence of Associated Press)  
MEXICO CITY, Oct. 7.—General J. Augustin Castro, formerly subordinate of war and in charge of that department, will be sent to the United States the latter part of this month, according to El Universal, to purchase motor trucks for the Mexican army to be used in campaigns against the rebels.

#### ADVANCE IN RICE

SACRAMENTO, Calif., Oct. 27.—Rice prices which opened last week at \$5.36 per hundred pounds, have now passed \$5.80 and will reach \$6 in the opinion of Secretary Charles Merry of the Pacific Rice Growers' association.

#### CONGRESS UNITED AGAINST COAL STRIKE

(By Associated Press)  
WASHINGTON, Oct. 27.—Applause of democrats and republicans in the house greeted announcement by Republican Leader Mondell that he thoroughly and heartily endorsed the president's statement on the coal strike.

#### WOULD SELL RAILROAD TO STATE OR COUNTY

C. O. Whittemore, of Los Angeles, Calif., was granted a hearing in behalf of the Bulfinch and Goldfield railroad. He contended that the valuation of \$341,000 that has been placed upon the company's property is much too high and maintained that a fair valuation would be in the neighborhood of \$200,000 or slightly above that figure at the highest. He declares that at the present time it would be impossible to secure an offer on the market in excess of the \$175,000 outstanding bond issue. He suggested that the road be sold to the state or Nevada county at a figure that could actually be realized on a salvage or scrap basis where there would be no loss. He pointed out that it would certainly be an advantage to the state not to have the connecting link with the southern systems lost. Governor Boyle stated that in case Mr. Whittemore put his statement in writing, making such showing and suggestions as he had to the commission he would probably see fit to call the matter to the attention of the legislature, should a special session be called, as now appears possible.

#### PLenty SUGAR HELD IN CUBA TO NEXT CROP

(By Associated Press)  
WASHINGTON, Oct. 27.—Nearly 400,000 tons of sugar, enough to meet America's demands until the next crop is produced, is held in Cuban warehouses, said a cablegram from President Alejo Carencano, of the Cuban Sugar Manufacturers association to Senator McNary of the sugar investigation committee. "Cuba is willing, on reasonable terms, to protect future contingencies, but the blame is not with Cuba, which should not be penalized because the American market is unbalanced," the cablegram said.

#### BRITISH SHOPS HELPED BY THE GOVERNMENT

(By Associated Press)  
LONDON, Oct. 2.—Nearly every industry in Great Britain not favored by the protection of import restrictions, is trying to have itself "keyed." A "key" industry is one essential to British industry and considered so affected by the war that it must be nursed back to health through the medium of government assistance.
